Summary

I am a dynamic Bachelor of Computer Science graduate with a strong passion for coding and technology. Throughout my academic journey, I have cultivated a deep understanding of computer science fundamentals and honed my skills in various programming languages.

One of my greatest passions is Python programming. Its versatility and simplicity resonate with me, and I thoroughly enjoy leveraging its power to develop efficient and elegant solutions to complex problems. Whether it's building web applications, automating tasks, or implementing machine learning algorithms, Python remains my go-to language of choice.

In addition to Python, I have a keen interest in web development. Proficient in HTML, CSS, and JavaScript, I enjoy creating visually appealing and interactive web experiences. From designing responsive layouts to implementing dynamic functionality, I take pride in crafting seamless user interfaces that leave a lasting impression.

Beyond my technical skills, I am a dedicated code enthusiast who thrives in collaborative environments. I believe in the power of teamwork and enjoy brainstorming ideas, sharing knowledge, and learning from others. My goal is not only to excel in my own projects but also to contribute positively to the success of the teams I work with.

I am constantly seeking opportunities to expand my skill set and take on new challenges. Whether it's exploring emerging technologies, participating in hackathons, or engaging in continuous learning through online courses and workshops, I am committed to staying at the forefront of the ever-evolving tech landscape.

Education

South Indian Childrens Education Societys Arts Science & Commerce College At Chikaloli Ambernath Taluka Ambernath Dist Thane
BSC-CS, Computer Software Engineering
Aug 2022 - May 2025

Licenses & Certifications

Responsive Web Design - freeCodeCamp

Scientific Computing with Python - freeCodeCamp

Skills

Python (Programming Language) • HTML5 • Cascading Style Sheets (CSS) • JavaScript • Java
